

ART TEST FOR LOCAL PAINTER

FINDINGS AND RESULTS

Test date: 19 January 2016

Duration: 3 hours

Venue: SIRC office

Artists: Brian Feni and Richard Bibimauroi

Materials provided: water colours and water colour paper, instructions

CHAST kit—Solidarites International Liberia mission

Redraw the 3 main characters adapting the given picture to local context. Kids have around 9/12 years old.

Leaf house in the background.

Agatha: yellow shirt

David: blue shirt

Alex: green shirt

CHAST kit—Vietnam Red Cross/FRC

Draw David washing hands with soap before eating: his mother is pouring water on his hands (hand washing with running water).

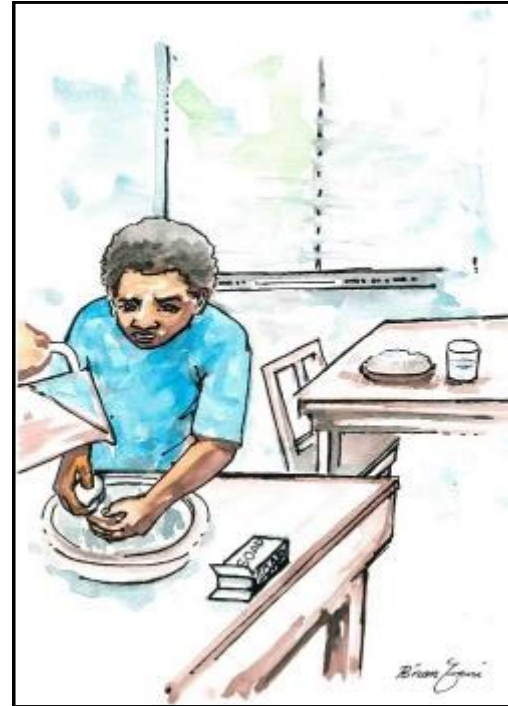

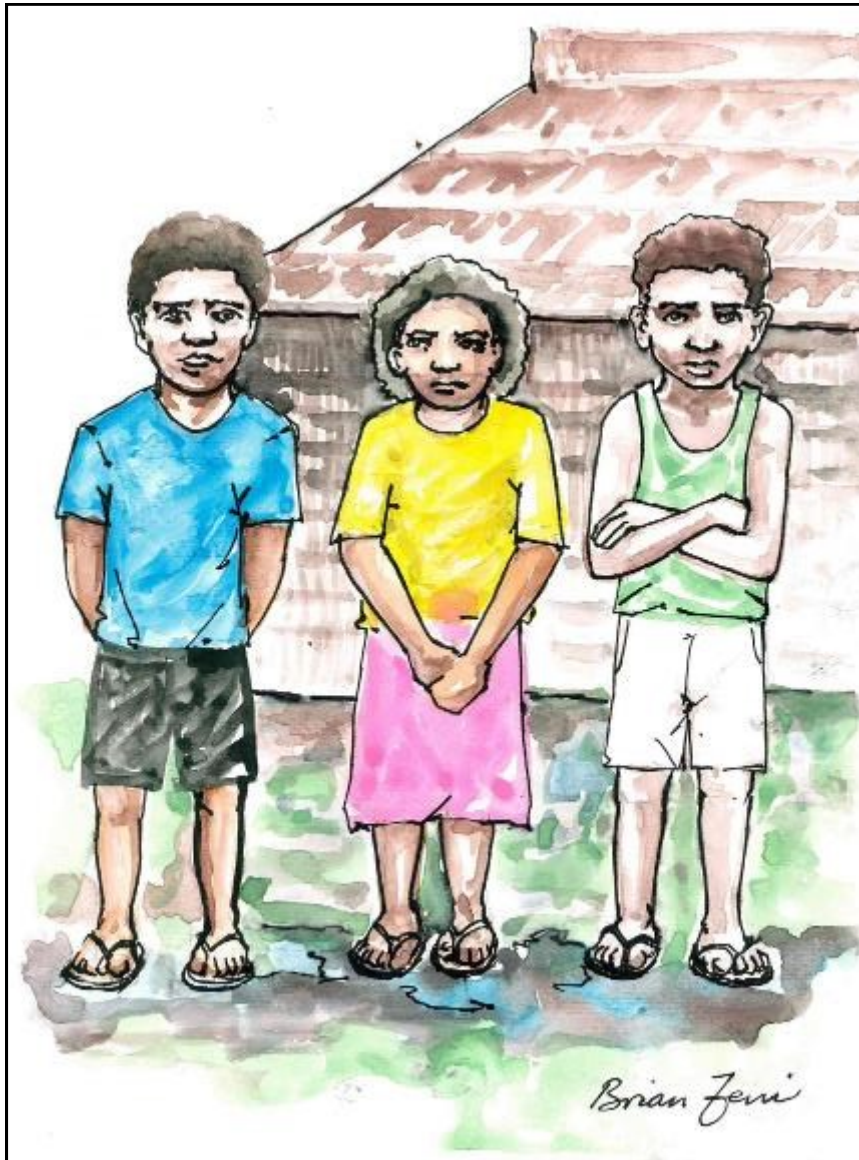

Food ready on the background.

White River school—Honiara (SI)

Draw Agatha in school uniform drinking water with a cup from a rain waster harvester.

Brian Feni (tel. 7647546)

This painter was selected for the following reasons:

- Majority of the SCP3/TBR staff preferred this serie to the other one
- The characters are more clear and look like Solomon I. children
- Better technical capacity (especially body proportions)

To improve:

- Drawings can be more “emotional”: they are too cold (i.e. posture of the kids in the first picture);
- Some details needs to be improved (food and water basin in the second picture, posture in the third one...);
- Improve the facial expression (kids more “happy”).

Richard Bibimauri (7413962)

This painter was NOT selected for the following reasons:

- Kids face have some not local facial features and, in general, facial expressions are not good;
- Body proportions not well calibrated.

Strengths:

- Good capacity to depict details;
- Paint style is “emotional” and conveys message (hand on the shoulder in the first picture, mother showing the food in the second...).

We can still consider Richard for future activities.
