

CHILDREN HYGIENE AND SANITATION TRAINING – VOLUNTEERING CONDITIONS AND RESPONSIBILITIES

General

Congratulations for joining the CHAST team. In partnership with school teachers, selected volunteers will train kids to develop good hygiene practises and knowledge. It will be a lot of fun for kids and facilitators. This document lists the conditions and responsibilities that will be applicable during the implementation of the CHAST activity.

Volunteers will be paired in teams comprising of one male, one female. Each team will animate CHAST training in 4 classes during one semester.

Material

Each team will receive a CHAST kit comprising of:

- 1 bag
- Wax colour crayons, Tape, Blue Tack
- 20 sets of images
- 1 puppet
- 1 Snake and ladder game
- 2 Teacher Manuals
- 8 posters

Volunteers are expected to take good care of the material and return it in good condition (except crayons) at the end of the semester.

Organization of activities

The period of activities is planned to go from August to December 2016.

In the beginning of each week volunteers will gather for 2 to 3 hours to prepare the new session with the WASH Officer. Volunteers are expected to have read and understood the content of the session before the practise starts.

Each team will be expected to animate 4 sessions per weeks in the class they have been assigned.

Teams will be free to organize themselves with the teachers to perform the CHAST activities during the week. If for some reason,

Bus fares, top ups and food

A compensation for bus fare to office and schools as well as the telephone credit for communicating with teachers is included in the perdiem amount.

As activities are planned for half days, food is not included in the perdiem.

Perdiem

In order to compensate the volunteers for the money spent on transport, food and communications used, volunteers will receive 400 SBD for a completed week (briefing, 4 sessions, reporting). In case of absence, this amount will not be paid to the missing volunteer.

Reporting

The volunteer will perform her / his activities under the supervision of Iuliah Pitamama, WASH Officer.

Each team is expected to give 4 reports per week, 1 per class. Reports are signed by the teacher and describe the activity and the problems faced.
